

Do not forget their names!

1.

The new day
dawns and soon I
hear how songs of
birds are now re-
leased. My soul is
filled with spirit
and I am at
peace

I turn my
eyes onto the
sky above our
land, it's blue and
then I see the
fields in yellow:
Like our nation's
flag,
when...

2.

Sereni-
ty is back a-
gain, I see a
land that's been in
pain. No one should
ever steal our
nation and our
freedom

I'm longing
for the day when
we can live the
way we did be-
fore - when we will
love each other,
there won't be no
more
war...

Suddenly there are
gunshots and people are
hit - they are falling
down. I see the
grief in everyone's
eyes and a rage at
those who have caused this
war

Sounds of the fighting
Life is prevented,
death is here in its
place. Now I see
help is arriving,
injured are cared for

Yes, every-
one, who's been
fighting for our
land, the
glorious
Ukra-
ine -

re-
member
them! They
all fought for our
home, do
not for-
get their
names!

Coda

(Lowered tempo, a cappella in the coral version)

Re-
member
them! They
all fought for our
home
Do
not for-
get their
names!
